FITZ ROY DRY DOCK, COCKATOO ISLAND.

Conditions.

All vessels belonging to H. M. Navy, the Colonial Government, and men-of-war of other nations, will be admitted to repair in the Fitz Roy Dock, Sydney Harbour, free of any dock dues or rates, but they will be required to repay all actual expenditure of stores, wages, and material.

All other vessels will be liable to a minimum dock-rate of 6d. per ton per diem, if of 1,500 tons register or upwards, and an additional $\frac{1}{5}$th of a penny per ton for every decrease of 50 tons or portion of 50 tons down to a maximum rate of 9d. per ton for a vessel of 300 tons, and all below, as set forth in the scale attached hereto.

Double rates will be charged for the day of docking.

The Dock dues will include and cover the cost of pumping, shoring, wedges, and blocking, and the cost of all labour connected with opening and closing the Dock, and all incidental labour connected with the actual operation of docking a vessel.

No vessel will be permitted to enter the Dock with gunpowder or combustible ammunition on board.

Governor and Executive Council .. — Governor and Executive Council .. — 30 Aug., 1861.

Workshops and Machinery.

Vessels in Dock and private engineering establishments will be permitted to avail themselves of any portion of the machinery of the Dockyard workshops on payment of a rate per hour; preference being always given to the requirements of a vessel in Dock. These charges will be in addition to Dock dues, and in accordance with the rates mentioned in the subjoined Schedule.

The rate for the machinery will include the cost of putting and maintaining the machine in motion, the use of the 20-ton overhead traversing crane, and all tools belonging to the Machine in use, but nothing further.

[a] This includes the amount of the postage contributions of the United Kingdom and the Australian Colonies to the cost of Ocean Mail Subsidy. [b] Of this amount the sum of £13,995 18s. 1d. was received on account of postage due to the Colony by the United Kingdom for the years 1875 and 1876. [c] This number embraces all letters posted in the Colony for delivery within the Colony, and includes those letters hitherto classified as Town Letters. [d] The total collections for this year amounted to £24,000 more; this sum was transferred to Stamp Duties as approximate value for Postage Stamps used for Duty Stamps purposes during the year. [e] This does not include outstanding liabilities, but is the total amount expended during the year irrespective of date of claims. [f] During the year 1885 the practice of weighing instead of counting the correspondence posted was introduced, as the limited time at the disposal of the sorting staff prevented the counting from being very carefully done and it was thought that by weighing and allowing a certain number of letters, &c., to the lb., greater accuracy would be insured: the returns for 1885 may therefore be considered more reliable than those for previous years.
